The number is hardly
three a month.

I have twice discussed this
matter with the Dev. Secy. The volume
of work taken away from one branch,
& the Extent of additional work to
the other branch, is really not the question.
The question is only one of Convenience
& Competency; in that each branch
dealing with these matters in a different
way, it is best that the branch that
is au fait with the relevant rules,
circulars &c shd. deal with it.

SECRETARY, DEVELOPMENT DEPARTMENT 2268 2 JUN 1950 GOVERNMENT OF MYSORE

A The points made in the note have already been discussed & arrangements have been made for lightening the work of the Branch dealing with the Ch. Secy that since the Dev. Branch is conversant with the rules it is best suited to deal with the subject. Even if the work is dealt with by any other Branch we cannot avoid their referring the file to us for opinion, remarks etc & so I think we might just as well take this up ourselves instead of wasting time in debating the matter further.

A Note is put up for orders 2/6/50

GENERAL & REVENUE SECRETARIAT
12 APR 1950
HOME DEPARTMENT

The Home Branch has been receiving several references from the Huzur Secretary to His Highness the Maharaja of Mysore regarding the obtaining of Import Licences from the Government of India for articles which are required by the Palace. These references are being dealth with in this Branch althoug they do not relate to either police, Military or political. It is felt that it would not be correct for this branch to handle these papers in future also, as this branch is not aware of the Import policy of the Government of India which is varying from time to time. It is understood that the Development Secretariat is dealing with all such references relatir to Import Licences etc., and that all the communicatior received from the Government of India regarding the Import Policy are being lodged there. It is also understood that the channel of communication between the Palace and the Government is only through the Chief Secretary and that all references relating to the Palace are being dealt with in the Confidential Branch. It is therefore suggested that applications for Import Licences emanating from the palace might in future be handled by the C.B. which might take such action as is considered necessary in each case in consultation with the Development Secretariat.

I would however suggest that the receipt may be sent by C.B. to Dev. Secy., and that C.B. may watch the issue of passes as in the case of any Palace matter. The case will be worked up & dealt with in the Dev. Secy., and Commissioner & Import Controller will have nothing to do with any of these matters.
